

*Next stop on the ABCs  
tour of Wyoming's geologic  
wonders ...*

# Vedanwoo

*Interpreting the past, providing for the future—*

[www.wsgs.wyo.gov](http://www.wsgs.wyo.gov)

- *North of U.S. Interstate 80, between Laramie & Cheyenne in the Medicine Bow National Forest*
- *Giant granite rock features sculpted by joints (fractures) & erosion*
- *Vedanwoo's Sherman Granite is 1.43 billion years old*
- *"Vedanwoo" is a derivative of the Arapaho word meaning Earth*
